LATE FLASHES

WASHINGTON, Mar. 20. — All Americans in Berlin are safe, according to a message received by the state department.

WASHINGTON, Mar. 20. — Attorney General Palmer rendered his opinion to the state department that under existing laws the United States could not prohibit the exportation of machinery for the making of armament and arms to Mexico. Under wartime powers the president can place an embargo on such shipments.

PARIS, Mar. 20. — The council of ambassadors has received a report that Bolshevism is spreading in Germany.

LONDON, Mar. 20. — The entire Ruhr mining district is reported under Red control.

COLUMBUS, Mar. 20. — Priceless relics and jewels were stolen from the Ohio State archaeological and historical museum. There is no trace of the thieves.

COLUMBUS, Mar. 20. — The full license fee provided in the new graduated auto license law must be paid by all persons operating machines now, according to announcement made by State Registrar Snow.

GRAND RAPIDS, MICH., Mar. 20. — "The great satisfaction drawn from these proceedings is that there is not one word in the record that will ever cause any member of my family to apologize, explain or feel ashamed," said Senator Newberry just before leaving the courthouse today, after he and a number of his campaign leaders were found guilty of conspiracy.

COSHOCTON HIGH GIRLS WIN THEIR EIGHTH STRAIGHT

The C. H. S. varsity girls came back Saturday from Steubenville with the bacon, having defeated the Steubenville girls by the score of 25-5. The Coshocton girls outclassed their opponents in every respect and played them off their feet in both the halves. The honors were divided among all the Coshocton players. The entire team played a clean and classy game from start to finish.

The Coshocton girls have won eight straight games out of nine games played this year. Two more games will probably end the season.

DEED FOR M'VEY FARM HELD VOID BY JUDGE GLENN

Court Decides Mrs. Shrimplin Had No Legal Right to Enter Into Marriage Contract With McVey, Before Getting Divorce

Judge James Glenn Saturday handed down his decision in the case of Geo. D. Klein, trustee in bankruptcy for L. F. McVey against John F. Frey and others, holding that both deeds signed by L. F. McVey in February, 1917 transferring his farm of 211 acres to John F. Frey in trust for Mrs. Emma Shrimplin are void and ordering them set aside. The court held that the marriage contract entered into before Mrs. Shrimplin obtained her divorce was void and that there was therefore insufficient consideration for the deed. The court further held that the second deed, made to correct the first one, is invalid as it was made within four months of the time the petition in bankruptcy was filed, the second deed being based upon the same consideration as the first.

It is considered doubtful whether the case will be carried up to the court of appeals. Attorneys for the defendants had not decided this matter Saturday.

OFFICERS ARE ELECTED BY RED CROSS CHAPTER

Charles R. Frederickson was elected chairman of the Coshocton County Red Cross Chapter at the meeting of the executive board held Saturday afternoon in the Red Cross office in the Frew building, the other officers being C. E. Bryant, vice chairman; Mrs. Hugh Hay, secretary and T. L. Montgomery, treasurer.

After the election there was an informal discussion of the chapter's program of future work, definite decision concerning which will be made shortly.

KIMBERLEY FUNERAL

An opportunity will be given the friends and relatives to view the body of Parker Kimberley at the Grace M. E. church Sunday afternoon where the funeral services will be held from 2:00 until 2:30.

CHILI WOMAN DIES AT THE AGE OF 86

Mrs. Mary Todd, 86, passed away at her home near Chili Saturday morning at one o'clock, death resulting from infirmities of old age. Mrs. Todd had been in ill health for a number of years but had not been bedfast until the last few days when she became seriously ill.

Mary DeWitt was born October 13, 1834 on a farm two and one-half miles southwest of Bakersville. At this place she spent her younger days. In the year 1854 she was united in marriage to Aaron DeCamp, a minister of that neighborhood. To this union one son was born, Barzilla, who preceded the mother to the grave a number of years ago.

In the year of 1863, after the death of her husband, she was united in marriage with William Todd, of Chili. To this union three sons were born, George, William Edgar, and Milton W. Todd. William died in infancy.

Besides the two sons she leaves 10 grandchildren and a host of friends and relatives to mourn her death.

She lived a Christian life, having united with the church in her girlhood. She took an active part in all the church affairs and had been a consistent member until the time of her death.

The funeral will be held at the home near Chili Monday afternoon. Burial will be made at the Chili cemetery.

False Teeth Makers Threaten to Strike

NEW YORK, March 20.—The False Teeth Makers' Union has sent out a proclamation to its 1,200 members in this city calling for a general strike unless the Dental Laboratory Association yields to its demands. According to Samuel A. Stodel, general organizer, the union would be able to cause a false teeth famine throughout the United States.

The demands are for a forty-four hour week, the closed shops and a 40 per cent increase in wages.

NEW BRUNSWICK, N. J., Mar. 20.—William J. Fitzgerald, lawyer, is in a critical condition as result of hemorrhages from which he has been suffering for fifteen days. Several physicians have been called.

GREAT-GRANDMA'S DREAM FULFILLED: GIRL WINS FAME

Miss Nancy Van Kirk.

Miss Kirk is making a tremendous success all over the country with her "Children's Hours," which comprise stories and songs of various countries in various costumes. She attributes her success to the carrying out of a prophesy her great-grandmother made many years ago that the little miss would make her tune singing to children.

THE SITUATION IN GERMANY SATURDAY

Bolshevism is spreading fast in Germany and the German peace delegation at Paris has asked the allies not to enforce the clause of the peace treaty reducing the size of the army because of the Red menace.

The German foreign office announced Saturday that a Red army of 25,000 men had been massed near the city. Government troops supported with artillery were sent out to take up strategic positions to defend Berlin.

Official estimates in Berlin put the number of persons killed since the short-lived von Kapp regime was established a week ago today at 2,000. The dead at Kiel are said to be upwards of 1,000. Many persons at Leipzig were reported killed when military airplanes bombed the city. There were a number of Americans at Leipzig attending a commercial exposition.

LOCAL FOLKS GIVE VIEWS ON STRIKE OF HELLO GIRLS

That the demands of the striking telephone operators will eventually be granted and that the company will merely pass the buck on to the subscribers by charging increased rates was the most prevalent opinion Saturday night.

Of those who were interviewed Saturday night, the majority expressed the opinion that the girls should have more pay but a number of people take the view that the strike was precipitated a little hastily.

A local grocer said, "Regardless of how the strike comes out, the subscribers will be the goat. The girls are entitled to a living wage and the only question is just what is a fair living wage."

Another man in business said, "I don't like this striking business but the girls should have more money." He said that a traveling salesman recently remarked that whenever a crowd of salesmen gathered in a hotel lobby and discussed Coshocton they always spoke of it as that peaceable little town where they never have any serious labor trouble.

Another grocer said he was with the girls in their demands but questioned whether they took the right method. He called attention to the fact that at present nearly every factory in the city is advertising for girls and if the telephone operators could not peacefully secure an increase why didn't they go where they could get more money.

Still another view expressed was something like this: "The telephone company officials can't get away with that bunk about losing money. The shortage they reported must have been figured after the dividends and the fancy salaries of the officers had been deducted."

A woman who is high among social workers expressed her opinion like this: "I certainly hope the girls get all they ask. They should get more. I have been in too many union towns to be in sympathy with tactics designed to keep out collective bargaining." (Continued On Page Five)

MIDDLETOWN, N. Y., Mar. 20.—Calvin Toed, of Masonville, Delaware County, is dead as the result of being struck by a falling icicle.

CITY COUNCIL TO PASS LIQUOR ORDINANCE HERE

Violators to Be Tried In Mayor's Court Instead of In the Federal Courts

An ordinance, in accordance with the federal prohibition statute, will probably be passed by the city council Monday night, in order that cases growing out of liquor law violations may be tried before Mayor W. S. Tish instead of being prosecuted in the federal courts.

Mayor Tish secured a copy of an ordinance passed by the city council of Lorain, Ohio, February 16, 1920 and has requested City Solicitor Geo. D. Klein to have an ordinance prepared for Monday night, modeled after the Lorain ordinance.

It is entitled "An ordinance prohibiting the manufacture or sale of intoxicating liquors in the City of Coshocton." The words "intoxicating liquors" are construed to include alcohol, brandy, whisky, rum, gin, beer, ale, porter, wine and spirituous, vinous, malt or fermented liquor, liquids and compounds whether medicated, proprietary, patented or not.

The ordinance provides that it shall be a misdemeanor for any person to manufacture, sell, barter, deliver, transport or furnish or possess any intoxicating liquors, except as authorized by law; for any person to maintain a building or place where intoxicating liquor is manufactured, sold or advertised, for any person to keep or carry around on his person or in a vehicle or any other conveyance or leave in a place for another to secure any intoxicating liquor or solicit, take or accept orders for the sale, shipment or delivery of intoxicating liquors in violation of the terms of the ordinance.

It is declared to be the duty of any police officer or other person having lawful authority, who shall discover any person or persons in the act of transporting liquors, to arrest the person and seize the liquor. Separate offenses may be defined in separate counts and the defendant tried on all at one trial.

Any person who violates any of the provisions of the ordinance shall be fined not less than \$200 nor more than \$500 for the first offense and not less than \$300 nor more than \$500 for the second offense or imprisoned for sixty days, or both.

The request that an ordinance of this kind be passed was made by a revenue officer who visited Coshocton a short time ago.

CHARLIE CLAIMS HE GAVE "WIFEY" GOOD EATS AND WAS KIND

LOS ANGELES, Calif., March 20.—Charlie Chaplin in a statement issued today, made a complete denial of the charges of his wife, Mildred Harris Chaplin, that he had failed to support her during their married life.

The statement was confined solely to finances in the Chaplin household, making no mention of Mrs. Chaplin's charges of cruelty and desertion nor any counter allegations. It stated that Chaplin is in possession of \$50,000 in cancelled checks, which were paid by him and expended by his wife, in addition to her salary of \$10,000 weekly.

When showed the statement, Mrs. Chaplin admitted that her comedian husband had cancelled checks to the figure named, but said that he "ought to be ashamed to mention the amount."

"This money was paid out for household expenses," she said. "But it covers the period of our entire married life for his expenses as well as my own. I paid for my own clothing. Fifty thousand in two years. Goodness! What I made was my only salvation. I did not intend to press non-support charges against Mr. Chaplin in my divorce suit, but I shall do so now."

RED FLAG TORN DOWN FROM TELEPHONE OFFICE

Some unknown person fastened a red flag on the front of the building occupied by the Coshocton Telephone company Saturday evening, evidently with the purpose of conveying the idea of Bolshevism in connection with the strike of the telephone operators. Organizer Earl Lockard tore the red flag down as soon as he discovered it and made an effort to find out who put it up.

SWELL CONCERT IS PROMISED BY ZANESVILLE BAND

ZANESVILLE, O., March 20.—When Director Ernest Snell brings his baton into motion at the Sixth-st theatre for the concert preliminary to the barge canal mass meeting Thursday evening Coshocton people will hear a response from the famous Armo band. This organization is maintained as a part of the Welfare organization of The American Rolling Mill Co. and is being heralded over the country as the band that plays, sings, whistles and dances. It is the successor of the state-famed Bauer band that maintained a leadership in Ohio since the days of the Civil war. While none of the original players are now members some of the present members have been affiliated with the organization for more than a quarter of a century. This brings to mind Court Savage, who has been playing band music since the most of us were knee dresses. He hasn't aged a bit in all these years and still plays the sweetest cornet ever heard. He traveled all over the world on his cornet, so as to speak, in the old circus-minstrel days and is well known in Coshocton where he has often played.

The Armo band will offer a program of classical and popular selections. They have an equipment second to none in the state, their orchestra trappings, being valued at thousands of dollars. There will be time for a program and Director Snell promises to crowd as much of a program as possible into this short space of time. Coshocton will hear the boys thru in concert, will hear Henry Stiem, soloist with band accompaniment, will hear the whistling numbers and will hear selections in which their xylophones, chimes, bells and tympani are used.

The Pennsylvania company has agreed to attach a baggage car to the "barge canal special" to carry the band paraphernalia.

CAPPER SCORES S. C. DECISION

WASHINGTON, March 20.—The recent supreme court decision by which corporations may issue dividends in the form of "new stock free of income tax" was scored by Senator Arthur Capper, Republican, Kansas, in a statement issued today.

"This decision of the supreme court adds insult to injury," Senator Capper declared. "It legalizes a bald and brazen subterfuge by which these profit gouging corporations that have bled the people unmercifully all these months and years may hold them up by a tax evasion for not less than \$500,000,000 more. To the great public which has been looking to these it has placed in authority for deliverance from this decision of thieves and relief from the high cost of government. It can only come as a great discouragement."

"Senator Capper said the decision 'virtually amounts to doubling or more than doubling the capital stock of these corporations thereby compelling the public to pay these concerns twice as much in profits.'"

"Half a billion dollars has just been added to the \$30,000,000,000 in expenses that the common people who did 99 per cent of the fighting, have had saddled onto them by the sacker of big business," he declared.

Orpen, Artist, Refuses A \$5,000,000 Offer

LONDON, March 20.—Sir William Orpen, a distinguished artist, has refused an offer of \$5,000,000 for painting 300 portraits, which is said to have been made to him by an American. He said:

"It is quite true the offer of \$5,000,000 to paint portraits came to me from America. To contemplate such a contract, however, would take far more than the ordinary lifetime—it might take as long as 300 years."

The Salvation Army has 929 officers at work in Indiana, also 181 cadets; 371 teachers and 479 employees, with 5,463 envoys and local officers.

Possibility of outside operators being brot to Coshocton to man the long distance board was suggested Saturday by District Traffic Supervisor Malloy, of Columbus, who is here in the interest of the long distance companies.

Mr. Malloy issued the following statement Saturday:

"During the meeting between Manager Lyons and the operators just preceding the walkout Friday evening, Mr. Malloy, supervisor of traffic of the Central Union Telephone Co., here in the interest of maintaining long distance service, spoke with the operators regarding the possibility of rendering toll service and keeping Coshocton in communication with the outside world. The operators were not in a position to give an immediate answer and discussed the proposal at their meeting in the evening. The operators promised to meet Mr. Malloy Saturday morning and outline their stand on long distance service. It developed that the toll operators of The Coshocton Telephone Co. were unwilling themselves to operate the toll lines and they expressed the preference that the Central Union and Ohio State companies should not bring to Coshocton any operators to render a long distance service. The operators assured Mr. Malloy, however, that in the event the long distance companies decided to operate their lines that any outside employees of those companies would not be molested. In the event that toll service is established, Coshocton citizens would have to go to a public pay station to place a long distance call, but all incoming toll calls to Coshocton subscribers would be completed to their regular telephones.

"It cannot now be definitely stated whether or not long distance service will be established."

PICKETS PLAN TO STAY ON JOB TILL THE END

Picketing of the local exchange of the Coshocton Telephone Co., which was kept up all day Saturday by the striking operators was ended for the night Saturday evening at 9 o'clock.

Miss Marna Turner and Miss Nellie Williams did the first trick Saturday morning, keeping guard at the foot of the stairway in the Rogers building while the second pair of pickets secured a placard bearing the inscription "We are striking for a decent living wage."

The picketing will be resumed early Sunday morning, the operators declared Saturday night and will continue until an end of the difficulty is reached.

The first flareback from the public since the telephones went out of commissions with the strike of operators Friday afternoon hit the telephone company Saturday when a subscriber served verbal notice that he would desert from his next month's telephone bill an amount in proportion to the time he is deprived from service.

"I will positively not pay for service I did not receive, if I have to go to court to get justice," he is quoted as having told the company.

It was believed that the precedent established by this citizen would be followed by others, who have been discussing the matter on the streets.

Complaint at the lack of telephone communication was beginning to be heard on all sides Saturday night. The public is becoming aroused to the seriousness of the situation arising from the walkout of telephone operators, which has silenced every phone in the city, and which bids fair to continue at least far into the present week.

During the first 24 hours following the walkout the public was inclined to look upon the whole affair as a novel experience that would soon adjust itself, and the discomforts entailed by the strike was born by the subscribers in a patient, sympathetic spirit.

As another week dawned with the prospect of an early settlement still remote the business men of the city were becoming thoroughly aroused and the advisability of a delegation being assembled to war upon the company Monday was discussed pro and con.

It is highly probable that pressure will be brot to bear on the company to seek a compromise with the operators or meet their demands, and if neither course can be pursued, to provide service thru some other means. That the city and county is entitled to service and must have it was the consensus of opinion here Saturday.

OUTLOOK GOOD FOR AMERICAN ATHLETES IN OLYMPIC GAMES

NEW YORK, Mar. 20. — "Pros-
pects for the success of the American
team in the Olympic games at Ant-
werp this year are brighter than ever
before. Athletic enthusiasm in the
United States is greater and talent
more plentiful."

Gustavus T. Kirby, President of
the American Olympic Committee,
made this statement today in dis-
cussing plans for the selection of the
cream of America's amateur ath-
letes, who will make up the various
units of the 1920 team.

President Kirby is arranging the
itinerary for a tour of some of the
principal cities of the country for the
purpose of conferring with local and
sectional committees that are work-
ing with Olympic committee with a
view to stimulate sport in general as
well as making plans for try-outs
that are to be held in various parts
of the country.

"We will do everything in our
power to win the Olympic games for
the seventh straight time," said
Kirby, "and will bend our every ef-
fort toward selecting the very best
athletes to go abroad."

"Every American athletic eligible
for the Olympic games will be given
an opportunity to make the team.
The cowboy on the Texas plains will
be given the same chance as any
other athletes by means of the many
tryouts that are to be held. The com-
mittee proposes to gather every bit of
information available regarding the
ability of athletes throughout the coun-
try and I can say that no athlete
whose chances of scoring points for
the American team considered doubt-
ful by the committee will be taken to
Belgium."

WILLARD WANTS TO FIGHT COLORED COP

LAWRENCE, KAS., Mar. 20. — Jess
Willard, former heavyweight cham-
pion, is asking for another fight, ac-
cording to Fred Logan, a negro police-
man of Lawrence.

Logan has sworn out a warrant for
Willard's arrest on the charge of dis-
turbance of the peace. According to the
colored cop, he failed to turn out
while driving along a long narrow
lane, when Willard desired to pass
him in an automobile. The former
heavyweight cursed him and chal-
lenged him to a fight, Logan declared.
Logan refused to leave his wagon and
took the case before a justice of the
peace.

New Method of Reducing Fat

A news item from abroad informs
us that the American method of pro-
ducing a slim, trim figure is meeting
with astonishing success. This sys-
tem, which has made such a wonder-
ful impression over there, must be the
Marmola Prescription Tablet method
of reducing fat. It is safe to say that
we have nothing better for this pur-
pose in this country. Anything that
will reduce the excess flesh, two, three
or four pounds a week, without injury
to the stomach, the causing of wrinkles,
the help of exercising or dieting,
or interference with one's meals is a
mighty important and useful addition
to civilization's necessities. Just such
a catalogue of good results, however
follow the use of these pleasant, harm-
less and economical little fat reducers.
We say economical because Marmola
Prescription Tablets (made in accord-
ance with the famous prescription)
can be obtained of any druggist or the
makers, the Marmola Co., 854 Wood-
ward Ave., Detroit, Mich., for one dol-
lar the large case, which is a decided-
economical price considering the num-
ber of tablets each case contains. They
are harmless.

Steels Make the Maxwell Thrifty

SEVERAL million dollars have been expended to provide more ele-
gance, more refinement, more comfort to the current Maxwells.
It is in ever so many ways a superior appearing car; superior, too,
in action.

But not a single pound of weight has been added to burden the
work of its great engine!

Therefore, despite the many processes of improvement, it doesn't
cost a penny more to run a Maxwell than it did a year ago.

The underlying principle of every Maxwell is to give economic
transportation.

This means light weight.

But it means strong steels, as well.

It is no easy trick to provide both lightness and strength in metal.

Such a rare combination means high cost steels.

And you would find, if you compared a Maxwell with any car,
that it equaled that car pound for pound in fine metals.

How such steels affect your pocketbook is obvious.

1. They are light in weight and hence give more mileage on a
gallon of gasoline.

2. As they are fine steels they give long and uninterrupted wear.

Which are but two of many reasons for that definite tendency of
wide friendship towards Maxwell.

In six years nearly 400,000 have found their answer to the motor
car question in a Maxwell.

This year 100,000 Maxwells are being produced.

This will supply but 60% of the demand.

AMERICA'S LARGEST FIGHTER LAUNCHED; MRS. LEE SPONSOR

NEWPORT NEWS, Va., March 20. —The U. S. Battleship Maryland, America's newest, largest and most powerful dreadnaught, was launched shortly after 9 o'clock this morning at the plant of the Newport Shipbuilding and Dry-dock Company.

Mrs. E. Brooke Lee, wife of the comptroller general of Maryland and a daughter-in-law of former U. S. Senator Blair Lee, was sponsor. As the Maryland started down the ways, Mrs. Lee gently broke a ribbon-bedecked bottle of champagne against her brow.

The launching was attended by Secretary of the Navy and Mrs. Daniels, Governor Ritchie, Senators France and Smith, and the six congressional representatives from Maryland.

The Maryland is 624 feet over all, has a maximum beam of 95 feet, 5 1/2 inches, mean draft of 30 feet, six in. displacement of 32,600 tons; a speed of 21 knots and battery consisting of either 16 inch guns, fourteen, five in. guns, four 3-in. anti-aircraft guns, and two submerged torpedo tubes and an enlisted complement of 1,488 men.

The Maryland has the largest cruising radius of any warship. The ship will burn fuel oil exclusively. The main propelling machinery is electric. The two main generators, driving four propelling motors, are of the turbine

HERE'S WHAT'S THE
MATTER WITH HIM

NEW YORK, Mar. 20. — Medical men have a name for what ails the profiteer.

Perhaps it sounds like a harsh term to apply to any human being, but there are plenty of folks who deny that the profiteer is human. Any way, the physicians have diagnosed the profiteers' ailment. They say he is suffering from "pleonexia."

This means, according to dictionaries, "a form of insanity characterized by desire for gain." The name comes from a Greek word spelled in the same way. It is derived from two Greek words, "pleon," meaning "more," and "echo," meaning "to

VON KAPP SAID
TO BE INSANE

PARIS, Mar. 20. — Wolfgang von Kapp, who set up a revolutionary government at Berlin one week ago today, was said by members of his family in 1916 to be insane, according to a story printed by the Criss de Paris.

The newspaper says it learned that von Kapp submitted a report to the ex-kaiser in 1916, declaring that Germany would lose the war if von Bethmann-Hollweg continued in office as chancellor.

The chancellor learned of it and reported to the ex-kaiser that members of von Kapp's family claimed he was insane. The ex-kaiser accepted von Bethmann-Hollweg's statement, dismissed the von Kapp report and warned the chancellor to be on his guard against assassination by von Kapp.

FLOATING BOTTLE
JOURNEYED CLEAR
TO W. VA. YOUTH

A bottle containing the name and address of Miss Grace Hamilton, daughter of Mr. and Mrs. S. W. Hamilton, Warsaw Route 1, was picked up in a drift in the Ohio river at Letart, West Virginia, February 23 by Harry Marr, of Letart.

The bottle was thrown in the Wal-honding river last April by Miss Hamilton, who is 14 years of age, "just for an experiment."

A letter was received from Marr March 11. He said he is eighteen years old, of dark complexion and wavy hair, and would like to correspond with Miss Hamilton.

Friends of the Warsaw girl are enjoying the joke immensely.

COURT HOUSE BURNED

EAST LIVERPOOL, O., Mar. 20. — One man lost his life when Hancock court house at New Cumberland, W. Va., known as the Gretna Green for Eastern Ohio, Western Pennsylvania and Maryland, was destroyed by fire early today. The loss is estimated at \$50,000.

VALUABLE BOOZE
IS STOLEN FROM
SOCIETY HOMES

COLUMBUS, O., Mar. 20. — Booze has been stolen from the cellars of East Broad Street residences here five times within the past three weeks. The latest theft reported to the police from the prominent residential thoroughfare was at the home of E. H. McCord. Breaking a cellar window and boring holes in a door inside, thieves got away with whisky and gin valued at \$300.

Throtling Governor Gives Steady Speed

Every "Z" Engine is equipped with a sensitive throtling governor. Regulates the amount of fuel and air admitted to cylinder—maintains uniform speed—summer or winter, regardless of work being done.

Throtling governor enables the "Z" to use kerosene as well as gasoline—saves you money.

Governor is a complete, high grade assembly unit—not a makeshift device. Its case-hardened contact-parts resist wear.

Hasmighty important duties: Helps maintain uniform cylinder temperature—insures better lubrication—gives smooth, steady flow of power that saves wear and tear on driven machinery.

Other "Z" features are: Built-in Bosch high tension oscillating magneto; more than rat d power; every part interchangeable; clean-cut, efficient design; long-lived endurance.

(Continued From Page One)
and it is not known if they had left the city or not.

Another outbreak of fighting occurred in Berlin, during which 12 per-

sons were killed, when a detachment of revolutionary Baltic troops drove into the city in motor lorries foraging for food.

Fighting continues in various parts of Germany and all of the Ruhr district is now said to be in control of the Spartacists. News reached the headquarters of the American army of occupation at C... that the Spartacists had a force of 40,000 well trained and well armed men in the Ruhr district.

The general strike is still on in Berlin the Spartacists threatened to blow up the factories where the men returned to work. In many industrial and mining districts the strikers refused to obey the orders of local leaders to return. The German government was hopeful, however, that the railroads would be running again by Saturday night.

Indications that Great Britain is threatening Germany with an embargo were contained in a new agency dispatch from Berlin quoting Lord Kil marnock, the British charge d'affaires as saying that Germany would not be granted supplies nor credits until order is restored.

President Ebert has not yet returned to Berlin according to latest advices. There are conflicting reports over the future of minister of defence Noske but apparently he will remain in the cabinet for the time being.

Y. W. C. A. NEWS

By E. E. FARQUHAR

The National convention of the Young Women's Christian Association of the United States, due in the spring of 1918, was indefinitely postponed in order that expense and travel during the war might be reduced to a minimum. The convention is now called for April, 1920, in the city of Cleveland.

Inasmuch as the national organization is a federation of local associations it is important that each organization as a whole, including general membership, board of directors, committee members and secretaries, should become familiar with the constitution and be discussed at the Cleveland convention.

The local association is holding classes each Saturday evening at the club rooms, where the issues relative to the national convention are being carefully discussed. Coshocton will have 11 voting delegates at the convention and quite a few are planning to go to Cleveland.

The local association is especially anxious to have a good representation at its first national convention. Cleveland isn't very far from Coshocton and it may be quite a while before a national convention is held so easily within our reach. The sessions will be intensely interesting to say nothing of the splendid privilege of meeting the girls from the associations all over the country. If you haven't already planned to attend the convention stop at the club rooms and talk to the secretaries. They will be glad to tell you all about the plans for the convention.

In looking over a recent issue of the "Blue Triangle News" published by the war work council of the national board of the Y. W. C. A., it was interesting to note that "the Campaign Score Board" showed that the Coshocton association over subscribed its quota by far more than any other association mentioned. By the way, have you paid your subscription?

The girls from the Pope Gosser China Co., enjoyed a taffy pulling at the club rooms Friday evening.

Lat O Lot club supper Wednesday evening at 5:30. Girls, don't forget to make your reservations not later than Tuesday. Report to Miss Murray. Will all the members who have "sakes" please bring them to the party Wednesday evening? A real surprise is in store for all Lat O Lots, so be sure to be on hand at 5:20 Wednesday.

During the past week over 100 girls have taken advantage of the noon day lunches. If you haven't tested out the lunch room ask any girl who has and see what she has to say for it.

Tuesday evening at 6:00 the True Blue club will enjoy a picnic supper.

Millinery class Monday evening at 6:00.

Rug Making class Tuesday evening at 7:00.

The following girls, chaperoned by Mr. Frank Bailey and Miss Gladys Goss, enjoyed a taffy pulling and taffy party Friday night. The girls were: Virginia Goss, Elsie Jeffries, Janet Burr, Mary Margaret Lockard, Evelyn Barr and Alice Bailey. In addition to the candy making the girls had a lively time playing games.

I Owe My Life to PE-RU-NA

Mr. McKinley's letter brings cheer to all who may be sufferers as he was. Read it:

"I can honestly say that I owe my life to Peru-NA. After some of the best doctors in the country gave me up and told me I could not live another month, Peru-NA saved me. Travelling from town to town, throughout the country, and having to go into all kinds of badly heated stores and buildings, sometimes standing up for hours at a time while playing my trade as an auctioneer, it is only natural that I had colds frequently; so when this would occur I paid little attention to it, until last December when I contracted a severe case, which, through neglect on my part, settled on my lungs. When almost too late, I began doctoring, but without avail, until I heard of Peru-NA. It cured me, so I cannot praise it too highly."

Another woman active in club life declared that she thought it a shame that girls should be permitted to work in a telephone exchange for such wages as even the scale asked provided.

"I am not in sympathy with strikes, and believe the operators are to blame for the whole mess," said a prominent woman of the city Saturday. "I hope the girls go back to work and give us service."

"Those are no wages at all," said a practical business man who is a recent acquisition to the city. "There must be something else holding the company back besides the extra wages."

"I was struck by the sign displayed alongside the pickets," said a retail merchant. "I would add the word 'modern' to the sign, making it read: 'We are striking for a decent MODERN living wage.'"

"What I would like to know," said another business man "is whether the telephone company officials figured in their reported loss of three thousand dollars last year the expense of consolidating the two plants. It seems to me it would not be fair to count this as a loss for one year as that was an extraordinary expense that would necessarily have to be distributed over several years' business. I would like to know just how the company figures its loss before I would sanction an increase in rates. The company could hardly hope to operate at a profit the first year after the consolidation."

"It's time for the business men of the community to get busy," said another citizen, "and if necessary send a delegation over to Columbus and have the utilities commission send an expert over here and investigate the finances of the telephone company and find out whether an increase in rates should be granted. We don't want this strike to continue indefinitely."

ly for it's going to cause serious inconvenience to say the least. I would suggest that the Rotary club or some other organization start an investigation."

INDUSTRIAL LEAGUE SEASON OPENS MAY 3

Glass Company Team Elects Officers Saturday Evening—League to Have Ten Teams

At a meeting of the Coshocton Glass company baseball team of the Industrial League Saturday evening at the city hall Charles Miller was elected captain and Joe Williams manager. About fifty were present and much enthusiasm prevailed.

The glass company will purchase handsome grey uniforms for the team, bearing the company's trademark as a monogram.

The West Lafayette and Tyndal teams have joined the league and the Clow company will probably come in soon, making ten teams.

PAPERS DEPLORE TREATY'S DEFEAT

NEW YORK, March 20—Editorial comment on the rejection of the peace treaty by the senate follows:

Evening World—The country had no wish to have the treaty thrown into the campaign. It had every reason to expect that, thru compromise and concessions, senate and president would be capable of serving its honor and its interest by establishing it in the new peace of the world without farther delay.

Tribune. The treaty's defeat is a tragedy whose poignancy is intensified by the tardiness of the final scene. The country beholds the president making a great undertaking for no better reason than because he was not allowed to ignore the constitution. The whole country beholds him assisted by a group of senators who became infected with his narrowness and were thus unable to lift themselves to levels of statesmanship.

Morning World—Insofar as the action of the senate is a victory for anybody it is a victory for Senator Borah and the irreconcilable Republican senators who have followed his leadership. They have held the balance of power in both parties. So far as the United States senate is concerned the dead of this war have died in vain.

so complete that the country may well ago, shot and killed herself in her despair of any salvage. But to say home here today. She was a daughter of this great instrument of liberty that cannot be saved would be indeed a counsel of despair unworthy of the acceptance of a nation which only a few months ago cherished noble aspirations. The senate we are sure has learned much in these months of strife. Certainly the president must have learned something. Confronting, as we do at this hour, a great peril, let animosities be laid aside, let both departments of the treaty making power join in the effort to put the treaty and the league of nations covenant into effect.

The World's Greatest Phonograph Value

EDISON'S NEW DIAMOND Amberola

QUICK! Read this through and grasp
this extraordinary opportunity to-
day! This remarkable offer is the re-
sult of Mr. Edison's expressed wish to
see a phonograph in every home in the
U. S. A.

He has given his consent to this Free
Trial of the Amberola in your home.
There are absolutely no "strings" to
this offer. You do not have to pay or
promise to pay one cent in connection
with this Free Trial. You are not placed
under the slightest obligation.

Come to our store today or tomorrow,
pick out your Amberola and a dozen
Amberol Records. We will deliver
them promptly to your home. Let the
Amberola entertain you for three days
—ample time for careful judgment and
comparison. At the end of the three

days' Free Trial if you do not want the
Amberola we will call for it—and thank
you for giving the Amberola this trial.
If you do want it, we will arrange terms
of payment to suit you.

How can Amberola dealers afford to
give these Free Trials? Because in the
overwhelming majority of these Free
Trials, people never want to part with
the Amberola! Edison's great inventive
brain has made the Amberola so su-
perior to ordinary phonographs and
"talking machines" that in those three
days of Free Trial it sings its way into
people's hearts and homes forever!

Numbers of people will instantly avail
themselves of this Free Trial offer. If
you do not act at once we may have to
put you on a waiting list. So let us hear
from you right away!

Accept This Offer Today Without Fail. Yes YOU!

SPORT NOTES

The Seniors of Coshocton high school
won the season's championship in the
interclass contests Saturday evening
by defeating the Sophomores, runners-
up, by a score of 27 to 19.
The class of 1920 has won the inter-
class championship for three straight
seasons, taking the honors as Sopho-
mores and Juniors as well as Seniors.
This season's record for the Seniors in-
cluded six victories and one defeat.
The Sophomores won five and lost two.
The Coshocton high school varsity
team defeated the Faculty team at the
central gym Saturday night by the
score of 52 to 10. Supt. Clifton made
all the points for the losing side while
Trotman and Callahan starred for the
winners

HOT SPRINGS—After losing two
games and tying one in the series
with the Boston Red Sox the Pirates
today were divided into regular and
Yankee squads.

PASADENA, Cal.—The Cubs trim-
med the Vernon Pacific Coast team, 4 to
1 yesterday. Grover Alexander pitched
four innings and showed up like a
million dollars.

WACO, Texas—The White Sox will
play Dallas today in their first regu-
lar game of the season. They will
play Fort Worth tomorrow. The sec-
ond squad except the "Goofs" will play
at Belton, Texas, today.

NEW ORLEANS, La.—The pitchers
of the Indian squad are rounding in
shape fast despite of bad weather ex-
perienced at the opening of the train-
ing season. Coveleskie has asked
Manager Speaker to let him go five
innings in the game with the New
Orleans Pelicans Sunday.

BIRMINGHAM, Ala.—President Ba-
ker, who is in the Phillies camp, de-
clares that he is satisfied Philadelphia
has a real ball club. Nevertheless it
is whispered Mr. Baker is still gunning
for pitching material.

TAMPA, Fla.—Eddie Gharitty has
reported to bolster the catching staff
of Clark Griffith's Senators. The ser-
ies with the Havana Stars will close
today.

DETROIT—A new world's record for
women in the plunge for distance was
made last night by Miss Charlotte
